

Christmas lights mini pack: a car ride hunt and bingo

A picture hunt for the drive, so little ones who can't read yet can play too, and two lights bingo cards for the back seat. Print it before you head out to see the lights.

How to play

- 1 Print pages 2 and 3 at 100% (Actual size). Clip each page to a clipboard and tie on a crayon.
- 2 Page 2: spot each picture from the car and color in its circle.
- 3 Page 3: two bingo cards. Spot it, color the square; four in a row wins.
- 4 The driver drives; a helper reads the list by a small book light, never pointed at the driver.

Safety first

- Everyone stays buckled the whole ride. No unbuckling to see the other side.
- Take puffy coats off before buckling; tuck the coat or a blanket over the straps instead.
- To stop and look, pull over fully in a safe spot, never in a travel lane.
